Principal’s Report ....

I am pleased to report that Lucas Heights has been accepted into an exciting research program run by Macquarie University. The program is called Preventing Anxiety and Victimisation through education (PAVe).

PAVe is an intervention project being conducted in NSW and Western Australian primary schools. It is supported by funding from the National Health and Medical Research Council, Australian Government Department of Education, and Macquarie University.

PAVe will evaluate two evidence-based programs in schools and Lucas Heights has been accepted into both:

• Friendly Schools Plus: a strengths-based, whole-of-school program designed to enhance students’ social and emotional learning and foster the prevention of bullying behaviour;
• Cool Kids: Taking Control: a strengths-based, targeted program designed to build resilience in those children who have been targeted by bullying behaviour.

These programs claim to help schools reduce all forms of bullying by developing student’s social and emotional learning, building positive peer relationships, and empowering students to cope successfully with difficult situations. I believe we manage student relationships well at this school but hold the view that we can learn something from this research. No child will participate without appropriate parent permission and you will hear more about this research project during Term 3.

POETS CORNER

The Mystic Eye

It's a spy

Turn around, what's that sound

Oh no, it's the flamboyant magic eye!

Don't perish at its brainwashing lie

Don't be scared or afraid

And don't be dazed

You're safe in here

Go out and the consequences could be severe

Phone System

As you may be aware we have a new phone system in place. Please ensure you listen carefully to all the options so you are transferred to the correct staff member.
The visual arts students have had a busy semester with their artmaking practice. Year 7 have been introduced to visual arts by exploring elements of design through the expressive forms such as drawing, painting and making collagraphs. The students completed line contour drawings, zentangle designs, Matisse inspired collages, tonal studies, and textured collagraphs. The visual arts students are currently working on canvas paintings. Year 7 were successful in coming up with highly original artworks that look fantastic and had a lot fun making them.
Year 8 has also had a busy semester with the theme of Insectopia. The students began by choosing a variety of insects to draw. They then further explored this through watercolour paintings, design work and finally resolved their artworks using the expressive form of sculpture. They even gave their sculptures a ‘photo shoot’ by placing them into a drawn environment, inspired by the artist Khiesti, which they were very excited about. Selected artworks have been exhibited in the glass display cabinet at the front office of the school. The visual arts students enjoyed making their sculptures using assorted wire, beads and pipe cleaners. Some students extended their work by incorporating an embossing technique.

Years 9 and 10 have explored the theme of ‘I once flew over .....’. They have been concentrating on a figure in a landscape. Students have enjoyed using the expressive forms of drawing, painting and printmaking. Students preliminary artworks are displayed down at the front office of the school.
Year 11 Preliminary Visual Arts.

The preliminary course explored a variety of media, experimental works and resolved works. The students explored the theme of Portraits and the treatment of the human figure. Students used a variety of expressive forms such as printmaking, drawing, painting and mixed media to create their artworks. Selected students work are displayed in the front foyer.

Leading Lights

Under 16's Women's Soccer

The girls below as part of the Barden Ridgebacks Women's under 16 team made the Grand Final of the NSW State Cup. This was an outstanding achievement, the first team at the club to make a state cup final. All the girls played hard but fairly and were great ambassadors for the Sutherland Shire. Although they were defeated 2-1 in extra time, it was an incredible effort!

Junior Boys Soccer

Today the Junior Boys soccer team were visited by a former LHCS student and current A League player (Central Coast Mariners), Michael Neill. The boys were very excited to meet him before their PSSA game and asked him lots of questions. Michael was very generous with his time and spoke to each player on the team. So inspired were the boys that they came away with a 3-3 draw against Bangor after leading 3-1 with 5 minutes to go! What a great team effort with only ten players! “Having only coached the boys three times, and this being the first match since we started working together I can see a lot of potential in the group, who up until now have lost every game by a substantial margin. I look forward to working with the boys for the remainder of the PSSA season and beyond. “
Jacqueline Harvey's visit

On Monday 23rd June the girls enjoyed listening to stories from Jacqueline Harvey. She shared her ideas and memories about school days and then encouraged the girls to read some of her popular books. Jacqueline’s series books about Alice-Miranda and Clementine Rose appeal to girls in the Years 2-6 age groups and are extremely popular with students at our school.

After listening to Jacqueline the girls shared a high tea and had the opportunity to have their books signed and speak with Jacqueline.

After enjoying their morning tea the girls were encouraged to sign up at Jacqueline’s website to receive updates of news events and book previews that may be of interest. The website address is www.jacquelineharvey.com.au

In the library we will continue to promote Jacqueline’s books and we hope that this event was a very special memory for every girl lucky enough to attend.

Thank you,

J. Williams & C. Nelson
If you have been past 4D's classroom lately you have probably noticed some odd things drying on the window ledge.

Well the secret is out! 4D have been creating a paper maché pig to represent Wilbur from Charlotte's Web.

Students have spent the last 8 weeks patiently layering newspaper, painting and decorating their pigs. A huge thank you to Mrs McMahon for assisting all of the 4D students complete this great visual arts project to compliment their novel study of Charlotte's Web.

MUSICAL SOIREE

The Musical Soiree was held on 12\textsuperscript{th} June in the Performance Space. Students from years 3 to 12 were involved in this showcase of talent. Year 12 students Alexandria M (guitar) and Helena T (piano) introduced the program followed by the Training, Intermediate and High School Bands with Skyfall, Rolling in the Deep, Firework, Another One Bites the Dust. These soirees provide a perfect opportunity for the children to continually improve and prepare for competitions such as Bandfest. The audience was entertained by the African Drumming and Primary vocal ensemble and singers Harry H, Alanna F, Gemma B, Elena C, and Aylexis I. Mrs Turner’s Yr 9 Elective music students Aliesha F, Liam A, Elijah D and David P performed their own arrangement of “Riptide” with improvisations. Sophie A and Kaylin R sang the classic Burl Ives “Pearly Shells” with Hawaiian hand gestures and Yr 12 student Alex E concluded the program with a drum solo. Cooper S was our compere, Adam S, Harrison B and Tyson B audio and Shelby W video. All the participants are to be congratulated on their fantastic performances. Special thankyou to Adam Stevens for his tireless efforts with the audio crew and the sound management. Well done to all the students for their hard work, preparation, and practice that make these concerts such a success. The final Soiree will be on 28\textsuperscript{th} August, the week before Music HSC Practical exams commence.
BANDFEST COMPETITION
GOLD AND SILVER!

The Annual Bandfest competition was held on 26th June in Kogarah. The Training Band attended as an audience and both Intermediate and High School Band competed. The children were very motivated from the start as they sang their parts in the bus. This trick helped the children work as an ensemble. The Band students competing were enthusiastic and it showed in their performance. The High School ensemble were buzzing in the warmup room and just wanted to enjoy themselves on stage, they did! A special thankyou to High school students Keiran R, Patrick W, Amy P, James H, Tommi E, Chloe W and Elijah D who demonstrated exemplary dedication to both bands. Also thank you to the parents who attended as part of the audience.

The Intermediate Band achieved a Gold Award and the High School Band achieved a Silver Award, CONGRATULATIONS WELL DONE!

Mrs Turner

MUSIC TECHNOLOGY DAYS

All Year 7 and 8 as well as Year 9 Elective Music classes will be involved in a music technology incursion T9 in week 2. Cost is $10 and please ensure your child brings a flashdrive and headphones (for a phone). Technology is a mandatory component to the music syllabus and all students are required to attend. Students enjoy creating their own musical compositions using Acid Studio 7 loops, rendering their file as mp3 and adding their music to a short film.

22nd July - 7C 8L 8C

23rd July - 9Mu 8C 8H
**Premier’s Reading Challenge**

Many children have completed this year’s Reading Challenge and have handed in their reading logs to the library staff.

We would like to congratulate all students that have completed their logs and remind students that all reading logs will need to be submitted to the library by 18 August so that they can be forwarded to the Premier’s Reading website.

We hope you enjoy reading for the Premier’s Reading Challenge and library staff will be very happy to help students select suitable books to read for the challenge.

Thank you,
Mrs J. Williams, Mrs C. Nelson and Mr L. Davison

**Used books for Community Carnival**

We are planning to have a used book stand at the LHCS Community Carnival on 18 October. Books will only sell if they are in good condition and are enjoyable to read.

If you have a spare book that has been enjoyed by members of your family that you are willing to part with then it can be donated to the school for resale.

It would be good to have a variety of books. Picture books, popular fiction for all ages K-12 and adult recreational reading books including fiction, cooking books, biographies and high interest non-fiction books would be most suitable.

Books can be delivered to the library for sorting. Please be aware that the books will need to be stored until the carnival so we would appreciate fewer good quality books over a high volume of books that no one wants.

No encyclopaedias please. They are heavy and not the preferred way to research anymore.

Thank you for any assistance you can give with this request.

Welcome back everyone

**Year 10**, hopefully over the holidays you had time to think more about the information you received at subject selection night and you are closer to deciding on the subjects you are keen to choose as you head into senior school. A reminder that the career booklets we are working on at school have great activities to help you investigate in more detail these choices. In addition the websites that students are encouraged to use are:

www.lucasheightscareers.com
and www.jobjump.com.au

The key points were when selecting were:

- Choose subjects that suit you, they need to interest you as you study them.
- They need to be your choices and not the choices of others.
- The study and school work needs to be manageable.
- They should enable you to work with your strengths so that you know you can do well.
- Finally provide you with a pathway to the qualification that you need to pursue your career and ambitions after you leave school.

**Year 12**, with the HSC looming it’s hard to focus on what you are going to do afterwards. For students aspiring for University the 2015 UAC books will be distributed as soon as they arrive. For most of you the preliminary course investigation work has been done and it will now be a matter of double checking course outlines and descriptions.

For those looking at TAFE pathways I hope you gained some valuable information from last month’s TAFE expo. As always the Careers office is open to discuss any questions you have.

Remember there are lots of great websites to explore if you are still unsure of your plans for next year, they include:

www.myskills.gov.au
www.australianapprenticeships.gov.au
www.jobguide.deewr.gov.au
- hard copy available in Careers office
www.abc.net.au/acedayjobs
www.skillsone.com.au

Mrs Eagles and Ms Smith
Careers Advisers
We hope that everyone enjoyed the winter school holidays and that the kids are all refreshed and ready for another full term of learning. We all know the importance of a healthy diet to assist with brain functioning, including eating fresh fruit and vegetables. This term the P&C, in partnership with Aussie Farmers Direct, are helping to increase your child’s interest in healthy eating through a fresh food box fundraiser. Keep a look out for more information, and a visit from Mootilda!

In the lead up to the community carnival, this term you will see lots of notes coming home! We are hoping that the whole school community is just as excited as we are and that everyone will really get behind the event and help to make it a great success. This term we will be asking families to donate pre-loved items, home made arts & crafts or items to be added to the silent auction and chocolate wheel.

Term 3 is set to be a very busy term! Good luck to all the primary students in their public speaking, students and both primary and high school sporting events, and all the budding scientists in the lead up to the Science Fair. The P&C is currently reviewing our guidelines regarding recognising the achievement of students who represent our school at zone, region, state and national level in a variety of activities. Have a chat to a committee member if you would like to have your thoughts on this matter included at the next P&C meeting, 6 August 2015. See you there!

Regards

Anita Gardner
Vice President P&C
